

WELCOME

“...for my house will be called a house of prayer for all peoples” (Isaiah 56:7)

Welcome to our parish website. Some of you may feel that going into a church building was intimidating even before the pandemic. This electronic forum for Christian “belonging” may be just the step for you. Others may be longing for the time when praying together in the House of the Lord will once again bring them great joy. Still others may be searching – we hope you find what you are looking for.

As a believing community we build churches for people and help build good people for God. We come together in the House of God to pray with “one voice and one heart.” It is often said that you can pray to God anywhere. This is true and I hope each of us prays to God everywhere and often until prayer becomes not only something we do but a relationship that we have entered into.

Some of you may be poor and others may be rich. Perhaps the more successful you are you have found the following to be true: “Success takes you where character cannot sustain you.” Rich or poor the Lord and His grace can provide both meaning and purpose to life. We invite you to search our site. Perhaps the Lord will speak to you in this way. Of course, when you feel ready and it is safe, please come to our Church and pray with us. God is everywhere but we as humans need to be somewhere. We hope our believing community will become a place where you can meet God’s people and it can become a home for you.
